WAYS YOU CAN SERVE THOSE SERVING OTHERS IN 2023

Our passion is to help missionaries serve the people groups they've been called to. Your generosity toward a school backpack, computer, mid-wife kit, Kindle or feminine hygiene bag produces bountiful thanksgivings to God. (2 Cor 9) So be a cheerful giver; 100% of donations goes to our humanitarian work unless you otherwise specify. Whether donating your time, material products or finances you are producing seed to the sower. Please email Deb @ edenssong@gmail.com, for more information on joining one of our teams or how to start serving missionaries in your area.

JOIN ONE OF OUR MISSION MINDED TEAMS ~

START YOUR OWN MISSION-MINDED TEAM ~ 2023 is a great year to begin a mission outreach! Gather a team, choose your missionaries to serve (either for ESM or your church!) and how you'd like to serve! We can help!

DEB'S THOUGHTS

Each year Roy & I stop to review the past year & dream about the New Year. This year we are in awe at where God has brought us from as well as where He wants us to go! We praise Him for going before us in all areas to break new ground as we move to encourage and teach new teams to Serve Those Serving Others. Soon we will announce a date for a Vision dinner meeting that you will all be invited to be a part of.

We are grateful for your faithfulness in praying & in giving, whether monetarily or in goods. None of this significant work would be possible without your support. We are privileged to have you partner with us in bringing hope and purpose to so many missionaries around the world. God has honored each of us with the compassionate care of our boots-on-the-ground heroes as well as those they are serving. Every single kit or media piece brings a new measure to how they are able to care for those people groups God has called them to!

THANK YOU FOR YOUR PARTNERSHIP:

YOUR CHANGING LIVES THROUGH YOUR GIVING

MIKE & LORI SALLEY OF SHOW MERCY INTERNATIONAL

One of the broadest ministries Roy & I have encountered is run out of a small town in Mississippi by a couple with a heart passionate for missions. Eden's Song has been honored to be a partner with this ministry for 16 years. We have become personal friends with Mike & Lori & have been honored to serve in Uganda with them, staying at their Field of Dreams compound.

This amazing ministry spreads the love of Christ far & wide. ESM is blessed to have started their 1st computer center, provided medical supplies & Mid-wife kits for many years while they built their health & birthing clinic along with thousands of school backpacks for their students. Over 25 different nations have been represented at their Uganda base of operations! Their compound is beautiful and you can visit it at www.showmercy.org. Mike & Lori host mission teams throughout the year where you will experience a plethora of ministry opportunities on every level & leave wanting to return. SMI reaches out into the villages surrounding their almost 50 acre base by sponsoring a children's home & school, providing clean water through their Well projects funded by The Elijah List, offering community health through their campus medical and birthing clinics, Farming God's Way training & more. Eden's Song has been thrilled to serve this ministry by providing all the kits and electronics we can ship them!

WE HAVE SHARED A LOT OF FIRST'S.

MAURICE ODHIAMBO – MANNA MINISTRIES

We have been honored to run the roads together with this amazing ministry as well as serve Maurice & his wife, Benter, in person & through many of our missionaries. With All for His Glory, N2 The Darkness with Love & Our Next we have provided thousands of school backpacks, hundreds of washable feminine hygiene bags & gift bags for the teachers & leaders.

One of our most beloved projects was helping Manna start their ESM/Manna Community Computer Center with 25 desktop set-ups & desks with chairs! Last year December, they graduated 40 students from the computer packages training that saw them acquire skills on a 4 month duration. The computer training helps orphans & most vulnerable youth who drop out of school due to lack of school fees. Most have been able to secure employment successful after going through the program. Some have applied their newly acquired knowledge & skills to start their own project, making dreams of these young students from vulnerable backgrounds come true.

"My name is Joseph Abraham Opado. I joined Manna Computer Classes in April, 2022. The training has been really helpful to me. I have gone through 11 classes & am now able to operate computer software photo-copy & am confident in securing work at a cyber cafe. Thanks to Manna & all its partners for giving me hope for my future."

THIS YEAR WE WILL BE EXPANDING THE CENTER.
